Gen. Dumosmog's rant over Northern Negros killings is all but hot air

*Ka Maoche Legislador, AGC-NPA Spokesperson
June 2, 2025*

Without any shred of proof, 303rd Brigade commander BGen. Ted Dumosmog, blustered via its online mouthpiece on what he surmised as an alarming trend of "civilian killings" supposedly linked to the NPA.

His overinflated figures of 15 killings turned out to be a hoax, a number of hocus aaaaàa1pocus intended to bamboozle the public into buying the killing spree narrative.

But records bore out that only five individuals, proven as military spies and perpetrators of heinous crimes such as murder, rape, robbery and drug peddling, were punished by Roselyn Jean Pelle Command -New People's Army (RJPC-NPA) from January to May this year across several Northern Negros towns and cities.

It's hardly a killing spree by its mere number, frequency and scope. Besides, the said punitive actions were carried out by the NPA in compliance with the order of concerned branches of revolutionary people's court exercising jurisdiction on these cases.

Thus, Dumosmog's ranting at the very least is an empty bombast and at most, deception ploy.

Instead of addressing the accuracy of the figure he so ostentatiously flaunt, Dumosmog refused to make the appropriate correction and

chose to remain mum on the issue and unleashed its online mouthpiece in a black propaganda campaign to divert the public's attention from his ineffectuality and deceit.

The said online mouthpiece styled itself as an online "news" organization. But just a cursory review of its Facebook page will reveal a long list of red tagging and military aggrandizement articles and posts. Its journalistic facade is negated by its own action.

It practiced a Trumpian concept of press freedom that centered only on administration/military narrative disregarding the rest. It is akin to the discredited SMNI network of cult leader Quiboloy during Duterte's administration who attained notoriety in red tagging.

We challenge Dumosmog not to hide behind this online mouthpiece and face the issue. #

Unite and protect the lives and livelihood of marginal fishermen against local commercial and foreign plunderers!

Fr. Antonio L. Marasigan, CNL-Northern Negros

Spokesperson

June 5, 2025

*May the mountains yield prosperity for the people,
and the hills, in righteousness.*

*May he defend the cause of the poor of the people,
give deliverance to the needy, and crush the oppressor.*

Psalm 72:3-4

The Christians for National Liberation (CNL)-Northern Negros welcomes the recent pronouncement of Bishop Patricio Buzon of the Diocese of Bacolod opposing commercial fishing in municipal waters as a positive development in light of US-Marcos regime's continuing systematic sellout of our natural resources to imperialist interests and their local conduits.

We call on the Catholic faithful to translate this gesture of the good bishop into an intensified concerted effort to build the broadest possible resistance to this calamitous Supreme Court ruling that will wreak havoc on the lives and livelihood of an estimated 45,000 municipal fisherfolks across 25 coastal towns of Negros Occidental who rely on these waters for their daily sustenance.

Small-scale fishers has long been suffering from extreme poverty and hunger, environmental degradation as consequence of decades of

imperialist plunder, overfishing by foreign and local commercial fishing companies and concomitant decreasing fish catch and limited to nil access to social services.

Prior to the the aforementioned ruling, foreign and local commercial fishing has been plundering our seas and incursions on the municipal waters are frequent occurrences. The so-called Fisheries Code of the Philippines is inutile to protect and defend the rights and welfare of fisherfolks as it is more tailored to serve foreign and big local fishing businesses.

Foreign fishing companies abound like Ceamsa Asia Inc., Dynamic Aqua Trading Inc., Ecofarm Systems and Resources, Inc., Tropical Fishing Tuna Ventures, Inc., Holoen Marine International Inc., Eco Solar Aquaculture, Inc and many more. In Negros, big commercial fishing vessels of CHL Fishing Industry, Inc., Asia Pacific Allied Fishing Ventures Corp., E&L Fishing Corp. and others roam the sea with impunity.

The problem confronting the fisherfolks lies not in the laws as clearly demonstrated by 27 years existence of said law. It is rooted in an evil system that catered on the immeasurable greed of the few ruling class that thrive on exploitation and oppression of the poor and disadvantaged classes of society. The current semi-colonial and semi-feudal ruling system is the ultimate cause of people's suffering and destitute condition.

Thus, the fight to protect the lives and livelihood of small fisherfolks is connected to the broader struggle for national freedom and democracy.

CNL-Northern Negros urges the people, especially the laity and clergy, to launch all forms of struggles to protect our municipal waters from plunder and defend the rights and welfare of our small fisherfolks.

It is a moral obligation of every Christian to defend the cause of the poor, fight for their liberation and crush the oppressors.

Revolutionary Christians in Northern Negros will continue to partake and support the people's war being waged by the New People's Army (NPA) under the absolute leadership of the Communist Party of the Philippines (CPP).

Only by revolution can a truly just and humane society be established that will bring prosperity to the people and herald righteousness. #

62nd IB, liwat nga nagasabwag sang kakugmat sang pumuluyo

*Ka JB Regalado, Tagpamaba sang LPC-NPA
Hunyo 7, 2025*

Matapos ang engkwentro sadtong Mayo 1, sa tunga sang isa ka yunit sang Leonardo Panaligan Command -New People's Army (LPC-NPA) kag sa pasistang 62nd IB kag pagkapaslaw sang ila hot pursuit nga operasyon, liwat naman nila ginhimo ang ila taktika nga ang mga sibilyan ang balikan agud lang makasiling nga nangin mabungahon ang ila bilog operasyon kag may ma-propaganda sa publiko agud makakuha sang simpatiya.

Sa sulod sang isa ka bulan, natala ang serye sang mga bayolasyon sa tawhanong kinamatarung nga gikomiter sa berdugong 62nd IB sa pagpamuno sang ila Commander nga si Lt. Col. Evelio Ilanga III.

Ginpasibangdan ang mga pumuluyo nga nagasuporta sang NPA. Sadtong Mayo 15, ginpagwaan sang warrant of arrest ang mag-utod nga sila Bibiano, 40 anyos kag Helaria Gemodo, 38 anyos, sa Sityo Agpapataw, Barangay Binobohan, Guihulngan City, Negros Oriental sa pato-pato nga kasong Anti-Terror Law.

Sa amo gihapon nga petsa, ginpaidalom man sang pasistang 62nd IB sa interrogasyon sila Alan Garde kag Rocky Fat sa Sityo Kapudlusan, Barangay Sandayao, sa maong syudad. Gintayaan man sang armas si Fat kag gintinguhaan nga arestuhon sa nasambit nga militar apang napunggan ini sang iya mga himata.

Antes naghalin ang militar sa lugar, ginbawalan ang mga biktima nga magreport sa barangay kag police kay kon magreport ini pasakaan sila sang mga pato-pato nga mga kaso.

Samtang sadtong Hunyo 8, ginpaidalum sa imbestigasyon sang 62nd IB upod sa surrenderee nga si Boging Campos, ang pamilya ni Tasyo Magallano sa Sityo Libas, Barangay Imelda, Guihulngan City. Ginkasahan man sang armas ang iya bata nga si Tata Magallano, 23 anyos.

Pamilyar na ang mga pumuluyo sa sini nga iskema sang militar. Ginahimo sang mga bayaran nga militar ang pagpang-redtag sa mga sibilyan, pagpasaka sang mga pato-pato nga kaso, abdaksyon, tortyur, pagpamatay kag iban pa nga mga kalapasan.

Indi matuod nga may kinatuhay ang mga militar sang panahon sang laye militar (Martial law) ni Marcos Sr kag sa subong. Mas nagalala pa ini sa sini nga panahon. Parehas lang ang mga ini nga wala respeto sang mga kinamatarung sang pumuluyo. Imbes nga sundon nila ang ila mandato nga serbisyuhan ang pumuluyo, nagpaka-ido-ido sila sang mga agalon-may-duta, komprador burgesya kag mga burukrata kapitalista. Ang ila kaalam kon may ara man, kag ang ila kusog, nasayang lang sa pagprotektar sa interes sang mga manggaranon.

Ang pasismo nga nagaluntad sa kabukiran, amo mismo ang nagatudlo sa masang mangunguma nga maghimakas kag manindugan para sa ila tawhanon nga kinamatarung.

Ang kadunot sa mala-pyudal kag mala-kolonyal nga sosyedad amo man ang magahatag sang reyalisasyon sang masang Negrosanon nga paagi lamang sa armadong paghimakas malab-ot lang ang handum nga matuod nga reporma sa duta, pungsodnon nga industriyalisasyon kag hustisya sosyal. #

Militarisasyon sa Central Negros, ginakondenar sang LPC-NPA

*Ka JB Regalado, Tagpamaba sang LPC-NPA
Hunyo 7, 2025*

Mabaskog nag ginakondenar sang Leonardo Panaligan Command -New People's Army (LPC-NPA) ang lapnagon nga militarisasyon sa Central Negros. Desperado nga ginatarget sang pasistang 62nd IB ang mga inosenteng sibilyan agud pato-patoan nga tagasuporta sang NPA.

Sadtong bulan sang Enero, ginsaka sang nasambit nga militar ang balay ni Eddie Bardok sang Sityo Laos, Barangay Binobohan, Guihulngan City, Negros Oriental. Pilit siya nga ginapatudlo ang nahamtangan sang NPA. Bangud wala man ihibalo ang natungdan, pasulit-sulit nga ginpatawag ini sang militar sa detatsment kag ginpahug nga dakpon kag prisohon.

Sini nga bulan, ginserbihan ini sang warrant of arrest sa hinimo-himo nga kaso kag gindakop.

Ini man nga panahon, pabalik-balik nga ginsaka sang mga tropa sang 62nd IB ang balay ni Emee Dayuno, sa Sityo Punong, Barangay Trinidad, Guihulngan City. Ginpahug sila nga indi mag-report sa barangay kapitan sa ila baryo.

Madumduman nga makapila ka beses na nga ginransak sang nasambit nga militar ang ila balay kag ginkawatan sang manok kag cellphone. Makaduha ka beses man nga ginkastigo sang mga soldado ang iya anak nga si Jumong, isa ka menor de edad.

Hunyo 4 - liwat naman nga ginsaka sang apat ka nakabangot nga tropa sang 62nd IB upod si Orlando de la Peña kag Nano Montecino

(pareho nga surrenderees) ang balay sa mga Dayuno. Liwat nga ginpangita si Jumong apang wala ini sa sina nga panahon. Ginhambalan ang tagbalay nga indi manugid sa iban nga nagkadto ang militar sa ila puluy-an.

Hunyo 3 - ginsaka man sang apat ka nakabangot nga tropa sang 62nd IB upod si Aldren (surrenderee) ang balay ni Juvy, isa ka mangunguma sang Sityo Natae, Barangay Bucalan, Canlaon, Negros Oriental. Pilit nga ginpatudlo ang presensya sang NPA sa ila lugar kag pabalik-balik nga ginpatawag sa lapit nga detatsment para sa pagreport.

Amo man ang ginhimo sang nasambit nga militar sanday Raul Magno (aktibo nga tanod) kag Rex Callora (umagad ni Magno) sadtong Hunyo 5 sa Sityo Mag-aso, Barangay Binobohan, Guihulngan City.

Halin Mayo 24 tubtob subong, padayon nga nakapakat ang masobra 300 ka tropa sang pasistang 62nd IB sa mga kalasangan sa mga barangay sang Bulado, Tacpao, Basak, Humay-humay, Imelda kag Binobohan, tanan sang Guihulngan City.

Nagatiner sila sa mga eskwelahan, simbahan kag sa mga kabalayan sang mga mangunguma. Bangud sa kalayo sang kuluhaan sa tubig, pilit nga ginapasag-ob sang tubig ang mga pumuluyo para ipaligo kag inomon sang wala huya nga militar.

Ginhalitan man sang mga tropa militar ang ila mga pananom. Ang iban man nga mga mangunguma wala na nagapanguma bangud sa kahadlok.

Mayo 1- gingapos kag ginpahapa sa duta sang mga tropa militar si Tony Garde, mangunguma sang Sityo Lupo, Barangay Humay-humay, Guihulngan City. Ginpahug kag gin-imbetigar si Garde kag pilit nga ginapatudlo ang presensya sang NPA.

Ginapanawagan sang LPC-NPA sa mga pumuluyo sa Central Negros ilabi na sa mga kaumahan nga magmangin maisog sa pagtindog sa hustisya kag katarungan. Kinahanglan nga hugot sila nga mag-isa paagi sa organisadong kusog agud pamatukan ang militarisasyon kag iban pa nga mga porma sang pagpanglapas sang tawhanon nga kinamatarung.

Ginapanawagan man sa tanan nga demokratiko kag patriyotiko nga pwera ilabi na ang mga tawong simbahan kag human rights advocates sa isla sang Negros nga seryoso nga imbestigahan ang nasambit nga mga kalakasan kag kabulastugan sang 62nd IB sa pagpanguna ni Col. Evelio Ilanga III, ang ila Commanding Officer, batok sa pumuluyo sang Central Negros. #

Outgoing 79th IB commander to depart empty-handed

*Ka Cecil Estrella, RJPC-NPA Spokesperson
June 7, 2025*

A reinvigorated armed struggle, a tempered mass base and growing mass movement, and consolidated Party organizations. These are some of the features of the state of the revolutionary movement in Northern Negros as #DiMasaligan79IB commander Lt. Col. Arnel Calaoagan forthwith hands over his post to his successor.

In an effort to project Calaoagan's stint in Northern Negros as victorious, military's online de facto spokesperson spin doctored his supposed accomplishment to the point of absurdity and ludicrousness.

Calaoagan was hailed as the "Maximus of the North" and derided the NPA as his "barbarian enemy."

Maximus Decimus Meridius was a Roman general in 2nd century AD who led a Twelve Year Campaign against the Germanic tribes at Vindobona in Germania. These tribes formed separate kingdoms that refused to yield to Roman rule and fiercely defended their homeland. Thus, dubbed by the Romans as barbarians.

Maybe watching too much movies dulled their sense of history. The Roman armies led by Maximus was an oppressive occupying force and the so-called barbarians are the people united to defend their homes from pillage and destruction.

In today's context, #DiMasaligan79IB is exactly like that - an oppressive and brutal occupying force that lay siege on the countryside

and subject its population to unspeakable torment and acts of state terrorism.

The NPA, as the defenders of the people, can be likened to modern day Spartacus, the slave who led an uprising that shook the very foundation of the Roman Empire that eventually led to its downfall. But unlike Maximus who defeated the Germanic tribe in a decisive battle, Calaoagan utterly failed in his mission to crush the Roselyn Jean Pelle Command-New People's Army (RJPC-NPA) and destroy the entire revolutionary movement in Northern Negros.

Amid relentless focused military operations, RJPC-NPA managed to preserve its forces and launched just in time counter-encirclement campaigns and expand its area of operation.

In the last two years that Calaoagan served as battalion commander, more than 20 offensive operations of varying scale and types were carried out by RJPC-NPA that seized five high-powered rifles, more than 10 short firearms and scores of ammunition and other war materials.

RJPC-NPA full-time personnel expanded by more than 12% and the people's militia increased its membership by almost 20%. The mass base also marked a significant advancement with more and more organizing committees established leading the formation of full-fledge mass organizations.

Party courses were creatively and discreetly conducted right in the very nose of enemy's combat operation with progressively increasing numbers of Party members in localities able to complete the Basic Party Course.

Calaoagan's hallowed claim of "strategic victory" as phrased by his PR hacks is pure and simple fiction. He will depart empty-handed as

the Third Rectification Movement initiated by the CPP further deepen its roots in Northern Negros. #

Mamumugon sa kampo, ginpatay sang 94th IB sa Himamaylan City

*Ka Dionesio Magbuelas, Tagpamaba sang RNC-NPA
Hunyo 8, 2025*

Nanghalit na man ang butigon kag berdugong batalyon nga 94th IB sa isa ka mamumugon sa kampo sadtong Hunyo 6, 2025 pasado alas-2:00 sang hapon sa Sityo Bugtangan, Barangay Buenavista, Himamaylan City, Negros Occidental.

Gintiro kag ginpatay sang nasambit nga militar si Junjun Binoy, 24 anyos, soltero, sa iya nga kamalig sa amo nga lugar. Wala sang engkwentro nga natabo kag wala sang yunit sang NPA sa palibot sa sini nga panahon.s

Suno sa inisyal nga mga datos, ginkadtuan sang mga mersenaryong tropa upod sa mga surrenderees ang kamalig ni Binoy kag didto ginpatay. Sa sini nga panahon, nagapamugon ang biktima sa isa ka talamnan. Dugang pa, ang amay ni Junjun nga si Judy Binoy, 59 anyos, gintayaan, ginpahog, ginpahapa kag ginpabay-an nga maulanang sang mga pasista samtang ila ginpatay si Junjun. Sa subong, grabe ang kahadlok nga nabatyagan sa pamilya sa natabo.

Pagkatapos sang makasiligni nga krimen, gilayon nga gingamit sang 94th IB ang ila pabalik-balik nga script, sa porma sang pekeng engkwentro para panghinabunan ang ila pagpamatay.

Gintamnan dayon sang armas nga M16 bilang ebidensya ang biktima kag gindeklara nga Pulang hangaway, pareho sang pila na ka biktima sang paglapas sang tawhanon nga kinamatarung.

Indi katapuan sang NPA kag sibilyan lang si Binoy. Ika-11 nga biktima sa pagpamatay si Binoy sa South Central Negros idalom sa rehimen US-Marcos II halin 2022.

Kadungan sini nga krimen ang malawig na nga focused military operations (FMO) sa bukiran nga mga barangay sang Buenavista, Carabalan, kag Mahalang tanan sakop sang Himamaylan City; mga barangay sang Orong, Oringao, Tan-awan kag Hilamonan nga sakop sang Kabankalan City; kag mga barangay sang Santol kag Biao sa Binalbagan halin sa bulan sang Mayo tubtob subong.

Nagatiner ang tropa militar sa tunga pa sang mga komunidad sang mga mangunguma, sa pihak sang ila pagpanginto nga deklarasyon nga 'insurgency-free' na ang isla sang Negros.

Bangud sa pagka-desperado sang rehimen US-Marcos II kag sa iya mga ido buang nga bayaran, berdugo, kag butigon nga mga tropa sang Armed Forces of the Philippines (AFP), ginabiktima nila ang mga inosenteng sibilyan sa pagpati nga ini ang makatapna sang rebolusyonaryong diwa sa pumuluyo para maghiliugyon kag magbato sa garuk nga sistema nga naglubong sa ila sa kapigaduhon kag kagutom.

Sa baylo, ang ila wala untat nga pagpamintas amo ang makapamuklat sa pumuluyo nga ang armadong rebolusyon lang ang paagi para mapasabat kag mahatagan sang hustisya ang mga biktima sang ila maduguon nga hinimoan. #

Pinakataas nga pasidungog kang Ka Louie Jalandoni!

*Ka JB Regalado, Tagpamaba sang LPC-NPA
Hunyo 8, 2025*

Pinakataas nga pasidungog kang Ka Louie sa iyang dedikasyon ug kontribusyon para sa pagsulong sa demokratikong rebolusyon alang sa pangkinatibuk-ang kagawasan. Dili bisan kanus-a mawala sa kasing-kasing ug panghuna-huna sa mga kauban ang iyang mga bulawanong tampo sa tibuok rebolusyonaryong kalihukan hilabina sa armadong pakigbisog ug sa hisgutanan sa malungtarong kalinaw taliwala sa nagtunhay nga gyera sibil sa Pilipinas.

Bisan naggikan si Ka Louie sa usa ka adunahang pamilya sa isla sa Negros, napukaw siya sa kalisdanan ug pag-antus sa mga mamumuo sa katubhan.

Gipili ni Ka Louie ang dalan sa pagserbisyo alang sa interes sa hut-ong linupigan ug gipahimuslan. Daghang kalisdanan ang iyang naagian ilabina sa panahon sa Martial law ni Marcos Sr, apan padayon siyang nagmalig-on sa pagsulong sa rebolusyon. Wala mapalong ang kandila sa iyang pagsalmot sa mga rebolusyonaryong gimbuhaton. Usa siya ka sulundon nga anak sa nasud.

Namatay man si Ka Louie apan magpadayon nga malig-on ang Partido Komunista sa Pilipinas ug ang National Democratic Front of the Philippines ug ang tanang rebolusyonaryong pwersa nga nagkuha usab og inspirasyon gikan kang Ka Louie.

Magpabilin nga buhing handumanan ang iyang maayung binuhatan ug ang iyang walay paglubad nga pagmahal sa masang kabus.

Padayon natong huptan ug hatagan og importansya ang iyang natampo sa rebolusyon, ug ipadayon ang integridad ug panindugan para sa katawhang linupigan ug gipahimuslan hasta makab-ot ang kalampusan.

Mabuhay ang mga buhing handumanan ni Ka Louie Jalandoni!

Ipadayon ang iyang bantugan nga rebolusyonaryong kabilin! #

*Ka Bayani Obrero, NDF-Negros Spokesperson
June 9, 2025*

With deep sorrow, the various allied revolutionary organizations under National Democratic Front (NDF)-Negros mourn the passing of Ka Louie Jalandoni, beloved hero of Negrosanon masses and indefatigable warrior for just and lasting peace.

We remember him as the Negrosanon activist-priest who fought side by side with the farm workers in their struggle for just wage, humane working condition and benefits. We cannot forget his important role in the victorious strike launched by the workers of Central Azucarera de Bais in the '80s.

We remember him as the propagator of the gospel of truth and liberation among the clergy and laity and won them over to the side of the struggling masses.

We remember him as the untiring peace negotiator who never wavered in pursuing the fundamental demands of the people at the negotiating table with the Government of the Republic of the Philippines (GRP) in the twists and turns of the peace talks.

We remember him as a people's diplomat par excellence and a true internationalist.

We remember him as the revolutionary leader and proletarian cadre who helped navigated the movement in many of its crucial periods.

Above all, we remember Ka Louie as our beloved hero, who transcended his affluent landlord origin in Silay City, Negros Occidental and became one with the Negrosanon masses in their great struggle for national freedom and democracy.

With firm determination, we pledge to honor and uphold his revolutionary legacy and vow to carry forward his example of dedicated service to the masses, self-sacrificing devotion and loyalty to their interests and aspirations, and unwavering commitment to revolutionary struggle.

NPA units in Negros to render final red salute to Ka Louie

*Ka Maoche Legislador, AGC-NPA Spokesperson
June 10, 2025*

The Apolinario Gatmaitan Command-New People's Army Negros Island Regional Operations Command (AGC-NPA) today directed all units of the NPA in the five guerilla fronts of Negros Island to hold memorial activities and a silent 21-gun-salute to honor the memory and hail the revolutionary legacy of Ka Louie Jalandoni, the beloved of son of Negrosanon masses and revolutionary leader.

According to prevailing military situation, NPA units are expected to forthwith make the necessary preparations and to mobilize the masses for this occasion. Allied organizations of the National Democratic Front (NDF) are encouraged to make contributions or conduct separate related activities.

The masses lost their son. Although Ka Louie was born from an affluent landlord ancestry he transcended his class origin by closely linking with the masses and fighting with them for national liberation and social emancipation.

His decades of selfless and dedicated service to the oppressed and exploited classes is forever etched in the memory every Negrosanon who regarded him as their cherished son.

Every Red commander and fighter of Negros vow to uphold the revolutionary legacy of Ka Louie and to advance the people's war to a new and higher level. #

Statement of the Christians for National Liberation – Negros on the passing of Comrade Luis “Ka Louie” Jalandoni

*Rev. Christopher Villanueva, CNL-Negros Spokesperson
June 10, 2025*

With deep mourning and greater resolve, the Christians for National Liberation – Negros (CNL-Negros) joins the Filipino people and the revolutionary movement in paying the highest tribute to Comrade Luis “Ka Louie” Jalandoni, a true servant of the people, a revolutionary internationalist, and a living testament to the liberative mission of the Church in the struggle for national and social liberation.

Ka Louie was born into a privileged landed family in Silay, Negros Occidental, educated in elite institutions, and ordained as a priest in the Catholic Church. And yet, he chose the path of solidarity with the poor, turning his back on his class privileges to serve the toiling masses. Like St. Francis of Assisi, who renounced his wealth to live among and serve the poor, Ka Louie heard the Gospel’s call not as one of passive charity but of active commitment to revolutionary change.

His life is a shining witness that the Christian faith is not in contradiction with the revolutionary struggle. As Pope Paul VI declared, “If you want peace, work for justice.” Ka Louie understood that the message of Christ—to liberate the oppressed, to break the chains of injustice, and to proclaim the good news to the poor—is inseparable from the cause of genuine liberation. His service with the National Democratic Front of the Philippines (NDFP), especially as its

long-time chief international representative and peace negotiator, reflects a profound and living theology of liberation grounded in Christ's example.

In Negros, Ka Louie's commitment to the oppressed took root and bore fruit in the land of vast haciendas and deep feudal exploitation. He played a pivotal role in the founding and strengthening of the National Federation of Sugar Workers (NFSW), giving voice and organized strength to sacadas, farm workers, and rural poor who have long suffered under the yoke of semi-feudalism. In the face of brutal repression, militarization, and massacre from Escalante to Sagay, the legacy of Ka Louie reminds us that the Church must not turn a blind eye to the cries of the peasant majority but must stand with them in their struggle for land, decent work, and human dignity.

To this day, the semifeudal structure of Negros Island remains intact, and the call for genuine agrarian reform and social justice continues to echo from the haciendas to the hills. Ka Louie's life compels us as Christians to reject complicity and indifference. The Church must walk with the struggling masses of Negros, not merely to offer charity, but to stand in active solidarity with their resistance and aspirations for meaningful change. Faith without action, as Scripture tells us, is dead.

We also highlight Ka Louie's enduring role in the peace process and the Church's moral imperative to support it. For decades, he stood firm in calling for peace based on justice, where land is given to the tillers, jobs and living wages to workers, and genuine sovereignty to the nation. He engaged the peace talks with utmost seriousness, knowing that true peace cannot be achieved without addressing the roots of armed conflict: poverty, inequality, and imperialist domination.

As members of the Church and as Christians committed to the national democratic struggle, we echo Ka Louie's legacy: the Church must be a Church of the poor, not a church for the status quo. It must

stand with the oppressed and exploited, not merely as moral observers but as active participants in their struggle for liberation. The call for peace must never be divorced from the cry for justice—it must never serve to pacify righteous resistance but must instead affirm the just cause of the oppressed to rise against their oppressors.

Ka Louie's death is an immense loss, but his life remains a sharp challenge to all of us: to confront the brutal realities of a system that cannot be reformed, only overthrown. As he once chose the path of revolutionary struggle—guided by both his faith and his political clarity—so too must Christians and church people recognize the justness of armed resistance as a last and necessary resort of the oppressed in the face of unrelenting exploitation, landlessness, and state violence.

To the clergy, religious, and lay faithful: may Ka Louie's example compel us to walk alongside the poor not only in their suffering, but in their struggle. To the youth and the masses of Negroes and beyond: let this be a reminder that revolution is not only possible, it is necessary, and it is just.

Ka Louie lives in every mass strike, every occupied land, every guerrilla front that dares to challenge tyranny. He lives in every prayer turned into action, every sermon turned into resistance, every faith that becomes flesh among the poor. #

KM-Central Negros salutes Ka Louie Jalandoni, an exemplary and valiant communist leader

*Ka EK Jacolbe, KM-Central Negros Spokesperson
June 10, 2025*

The Kabataang Makabayan (KM)-Central Negros and the entire revolutionary forces in Central Negros offer its highest salute to Ka Luis Jalandoni, an exemplary revolutionary and valiant communist leader who is of great value, not just to the Negrosanon and Filipino people, but to the entire oppressed and exploited class all over the world.

No argument can refute the fact that Ka Louie Jalandoni dedicated most of his life alongside the oppressed class. Even before he was organized, Ka Louie had already etched a special place for the poor in his heart.

As a priest, not only did he preach about helping those who needed assistance, but he also practiced it through joining the "Church to the Barrios" program where he immersed himself in rural communities, especially in areas where social services were scarce.

Witnessing the reality of the marginalized sector drowned in continuous exploitation and oppression, Ka Louie saw the necessity of the national democratic revolution.

Christian's for National Liberation (CNL) was founded, an ally organization of the National Democratic Front of the Philippines (NDFP), where Ka Louie was one of its pillars. It was composed of

religious workers like himself. Later on, he joined the Communist Party of the Philippines.

Through crest and troughs, he kept on standing at the right side of the history—along with the Filipino people pushing for genuine agrarian reform and national Industrialization.

His selflessness went beyond the national platform as he gathered support from other countries. Consequently, he became the International Representative of the NDFP and died fervently performing his revolutionary tasks.

In Negros, Ka Louie Jalandoni was well-known, not just because he came from a family of sugar baron, but because he was well-loved by the masses. Ka Louie's remarkable contribution includes arousing, organizing, and mobilizing the Negrosanon farmers which led to the establishment of National Federation of Sugarcane Workers in Negros. Time and time again, Ka Louie's words and actions only proves that he considered the welfare of the Filipino masses ahead of himself.

Ka Louie's name will be forever etched in the rich history of the struggle of the Filipino people. As successors, we will continue to live by the spirit of international and communism left by Ka Louie Jalandoni as we cherish his great contributions for the advancement of the National Democratic Revolution.

Inspired by his life and works, millions of Filipinos will rise like a mighty storm that no power, however great, will be able to hold it back.

The prison cell we are in is as wide as our country - LPC-NPA on Independence Day

*Ka JB Regalado, LPC-NPA Spokesperson
June 12, 2025*

The 12th of June has always been commemorated by the Filipino people, some believing that our country as well as its citizens have been freed from colonialism. Hence, every 12th of June, we keep on reminding them that the prison cell we are in is just as wide as our country.

However free the mainstream media may depict our country, we should not be tricked into believing it because we experience, first hand, the manifestations of the imperialist US controlling our country in terms of our economy, politics, military, and culture.

Fresh from election season, we have been reminded that the reactionary government is full of plunderers and mass murderers, disguising as people who genuinely want to serve the country.

No matter how they dressed themselves, they cannot cover their stench as local puppets of the Imperialist US. Through them, the US is able to impose laws and policies that favors its country to a great degree. Even the 1987 Constitution of the Philippines is a full-blown photocopy of the US Constitution.

Talking about economy, the Philippines is claimed by the US as its colonial market where it throws its surplus capital and product. It strengthens feudalism through implementing neoliberal policies, consequently making the Philippines' economy import-dependent and

export-oriented. For instance, the monocrop sugar industry in Negros only answers the need of the United States rather than those who till the land day and night—the Negrosanon farmers and farm workers.

Not to mention, the orientation of the Philippines' educational system is colonial, commercialized, and repressive. With the additional 2 years in secondary education under the K-12 program, it is intent on supplying more cheap labor for imperialist countries to exploit.

In addition, for more than a decade, the presence of US military troops flooded the Philippines with its military bases within the country.

Military influences by the US strengthen throughout the Marcos Jr. regime as it enters several military agreements with the ally countries of the US including Japan. Then and now, the Philippines is heavily chained to the US agenda.

We are not truly free and we have a long way to go. As such, we call on all democratic and revolutionary forces to multiply their ranks by tenfold and exert all-out effort in pushing for agrarian revolution, establishing mass bases, and of course, leveling up the armed struggle. We must continue waging the national democratic revolution for it is the only means to achieving sovereignty and democracy. #

RJPC-NPA gives Ka Louie 21-gun-salute

Ka Cecil Estrella, RJPC-NPA Spokesperson
June 12, 2025

The New People's Army (NPA) in Northern Negros accorded the late chief NDFP peace negotiator Ka Louie Jalandoni its final red salute.

The Roselyn Jean Pelle Command (RJPC-NPA) hailed Ka Louie as a valiant warrior for peace, an exemplary proletarian cadre, true internationalist, and dedicated servant of the masses whose boundless humility, courage and steadfastness in advancing the people's democratic revolution is a beacon to all who aspire for a just and lasting peace on the basis a truly free and prosperous society.

Early in the morning today, Red fighters in formation performed a silent 21-gun-salute and took an oath to honor and uphold the revolutionary legacy of Ka Louie and commit to the furtherance of the people's war to a new and higher level.

The reactionaries are fooling themselves in thinking that a demise of a revolutionary leader will hamper the revolution's advance. Surely, countless will pick the torch of revolution left behind by Ka Louie as the crisis of the semi-colonial and semi-feudal system further worsened under the US-Marcos. #

Walay untat nga pasismo: ang halit sang 94th IB sa South Central Negros sa unang tunga sang 2025

*Ka Dionesio Magbuelas, Tagpamaba sang RNC-NPA
Hunyo 17, 2025*

Sulod sa anum ka bulan nga wala untat nga atake sang pasista nga 94th IB, indi magnubo sa 30 ang ila biktima sang paglapas sang tawhanong kinamatarong sa mga syudad sang Himamaylan kag Kabankalan sa tuig sang 2025.

Sa tala sang Romeo Nanta Command-New People's Army (RNC-NPA), nakakomiter ang nasambit nga mersenaryong militar sang duha ka kaso sang pagpamahog (apat ka biktima), tatlo ka kaso sa iligal nga pagpangdakop (lima ka biktima), pito ka kaso sa pagpangastigo (14 ka biktima), duha ka kaso sa pagpangransak sang balay sa pumuluyo (apat ka biktima), duha ka kaso sang pagpanguha sang cellphone sang komunidad, kag sang ulihi, ang peke nga engkwentro kag pagpatay sa isa ka mamumugon sa kampo sa Sityo Ompokon, Barangay Buenavista, Himamaylan City, pagkastigo sa amay kag iligal nga pagaresto sa utod sang biktima sadtong Hunyo 6.

Magluwas pa sini, may mga kaso man sang extortion (pagpangilkil sang kwarta) sa mga small planters sang tubo kag iban pa nga pumuluyo sa mga traydor sang rebolusyon nga hawid na subong sang 94th IB. Ang mga traydor ukon 'surrenderees' ginatukmod sang AFP nga makakomiter sang mga krimen sang pumuluyo kabaylo sang kwarta ukon pasalig sang kahilwayan, pero sa aktwal ginahimo lang nga mga suluguon.

Imbes nga atubangon kag akuon ang ila mga krimen batok sang masang pigos kag ginhimuslan, ginapanghinabonan pa ini sang AFP paagi sa paghatag sang mga merito kag medalya sa kuno mga 'achievements' nga nakuha sang berdugong batalyon. Sa esensya, ang ini pamatuod kag pahinumdom sa ila nga utang nga dugo sa mga pumuluyo sa South Central Negros. Ginadayaw nila ang ila mga makasiligni nga ginpangkomiter kag gingamit para mutaas ila sweldo kag ranggo, kabaylo sa kabuhi sang mga mangunguma kag mamumugon sa lugar.

Hugot nga ginakundenar sang RNC-NPA ang ini nga mga paglapas sang tawhanong kinamatarong kag paglapak sang kasugtanan sang Comprehensive Agreement on the Respect for Human Rights and International Humanitarian Law).

Ginaawhag namon ang pumuluyo nga indi magkahadlok nga magreport sang mga krimen sang militar kag ipalapta ini sa social media kag sa iban pa nga media outlets para masuktan ang berdugo kag bayaran nga batalyon sa ila nga mga krimen.

Ini nga mga paglapas sang tawhanong kinamatarong isa man ka dakong tampa sa ila pekeng deklarasyon nga 'dismantled' na ang larangan gerilya sa South Central Negros. Amo man ang padayon nga sustained focused military operations (SFMO) sang 94th IB sa lugar hasta subong. Gani, ini pamatuod nga nagpabilin nga husto kag kinahanglanon ang armadong rebolusyon bangud amo ini ang makahatag hustisya sa mga biktima sa pasismo kag tiranya sang garok nga sistemang ginadepensahan sang mga ido-ido pareho sang 94th IB kag mga traydor sang rebolusyon.

Baliskad ang ginapagwa nga istorya ni Lt. Col. Tayaban, CO sang 94th IB, nga 'hamulag na ang NPA sa pumuluyo bangud sang mga ginakomiter nga sala'. Sa matuod, sila mismo ang nahamulag sa masa

bangud sa tayuyon nga paggamit nila sang kapintas kag pagpanginto ilabi na sa mga mangunguma kag tumanduk sa lugar.

Dugang pa, akig ang pumuluyo sa mga traydor sa rebolusyon nga nasilaw sa kwarta kag pagpanghaylo. Maathag man sa pumuluyo nga ang tanan nga aksyon sa NPA nakabase sa rebolusyonaryong hustisya, kag ginagamit lang ini sa mga tawo nga napamatud-an nga may mga sala sa rebolusyon kag sa masa.

Padayon nga ginausoy sang mga Pulang hangaway ang banas sang sakripisyo kag kabudlayan. Maathag para sa NPA ang iya makasahi nga baruganan nga magdependa sa interes kag kaayuhan sang masang pigos, kag magsukot sang hustisya sa tanan nga may krimen sa ila.

Ang pasismo sang estado pamatuod lang sa iya kadesperado kag kahadlok sa pumuluyo nga magbato bangud sa iya man nga pagpanghimulos, pero amo man ini ang magtudlo sa mas madamo pa nga musampa sa NPA kag magtukod sang buwas damlag nga may matuod, husto, kag pangmalawigon nga kalinong kag demokrasya. #

Condemn the 3rd ID's crime spree in Negros Island!

*Ka Maoche Legislador, AGC-NPA Spokesperson
June 18, 2025*

The Apolinario Gatmaitan Command Negros Island Regional Operations Command (AGC-NPA) strongly condemns the Armed Forces of the Philippines (AFP)'s 3rd Infantry Division for their crime spree in Negros Island during the 2nd quarter of 2025 under their focused military operations (FMOs) in hinterland barangays.

Division-led operations mobilized the 79th Infantry Battalion (IB) in Northern Negros, the 62nd IB in Central Negros, and the 94th IB in South Central Negros -under the guise of 'chasing down NPA remnants' in so-called 'dismantled guerilla fronts' - committed atrocities against peasant and indigenous people communities. This covered the towns of Calatrava, Toboso, Don Salvador Benedicto and the cities of Escalante and San Carlos in Northern Negros; Guihulngan City in Central Negros; and Binalbagan town and cities Himamaylan and Kabankalan in South Central Negros especially in the months of May and June.

As per usual, the mercenary troops targeted civilians and perpetrated human rights violations including threats, red-tagging, theft, illegal arrest and detention, assault, and murder. Even the encounter last April 27 in Barangay Tapi, Kabankalan City - according to initial reports - involved a degree of foul play (execution) towards wounded Red fighters (hors de combat) in blatant disregard to International Humanitarian Law (IHL). To reach their quarterly quota of engagements, the 3rd ID despite their pretense that the island is now 'insurgency-free', the AFP's actions express the stark opposite -

showing their despair to crush the armed revolution that has been rooted to the masses for more than five decades.

3rd ID Commander MGen. Michael Samson and his troops should be slammed for giving out awards to troops after staging a fake encounter and murdering a farm worker in Himamaylan City. While this is no surprise coming from them, this serves to normalize fascism in the AFP as something to be glorified instead of being vehemently condemned. Like rabid dogs, battalions compete in which one commits the most heinous crime in exchange for promotions and laurels.

To appease themselves and their US masters, they wallow in desperate propaganda and fake news. But the masses in Negros continue to be appalled by their division- and brigade-led operations scouring barangays in search of 'remnants', in unwitting admittance that the NPA is undefeatable nigh impregnable.

The five guerilla fronts in the island continue to operate and engage in the integrated work of armed struggle, agrarian revolution, and mass base building. The AFP's continued rampage against the masses only serves to ignite the exploited people's courage, and the deaths of revolutionary martyrs inspire them to tread the same path in forging a national democratic future for the masses of farmers and workers long brutalized by the chronic crisis under the semi-colonial and semi-feudal ruling system.

With this, the AGC-NPA and the guerilla fronts under its command vow to seek justice for the reactionary state's victims of countless human rights abuses. NPA units will continue to mount tactical offensives and other actions against those who have crimes against the revolution and the people. #

Cease and desist order for Candoni oil palm plantation, a victory against neoliberalism

Ka Bayani Obrero, NDF-Negros Spokesperson
June 17, 2025

The National Democratic Front (NDF)-Negros firmly salutes the people and their organizations in Negros Island for the temporary suspension of operations of Consunji-owned HAPI's (Hacienda Asia Plantations Incorporated) oil palm plantation in Candoni, Negros Occidental. Last June 11, a cease and desist order (CDO) was issued against the company for its failure to comply for an Environmental Compliance Certificate (ECC).

Due to the collective action of farmers, farm workers, and indigenous people alongside environmental and human rights groups since 2023, the 6,600 hectare-wide project spanning barangays Agboy, Pauayan, and Gatuslao that affects livelihoods and farmlots of over 100 farmers in the area. It can be recalled that the plantation bulldozed the land tilled by farmers and indigenous peoples in the area, while armed private goons and the 15th and 47th Infantry Battalion, all paid tools of the Consunji family, threatened the people to submit to HAPI's desires. After prolonged silence, the local government was finally pressured into taking action due to consistent pressure from the people.

Albeit temporary, it is a victory against the imperialist neoliberal offensive in Negros Island. In recent years, the island has been plagued by sugar liberalization, reclamation projects, quarry and mining operations, commercial plantation projects, among others, that disrupt and destroy livelihoods of the Negrosanon masses. This goes to show

that the organized masses can overcome the ruling class and their armed henchmen through ceaseless and tireless struggle.

Red fighters are also Green fighters, defenders of the land and the environment that imperialism actively destroys for profit. In the process, many Red fighters have sacrificed their lives to fight for the people against exploitation and oppression.

The armed struggle continues to persist hand-in-hand with the people's genuine democratic struggles against foreign and local greed. While the economic aggression of big bourgeois compradors and landlords at the behest of imperialism continues, the NPA will as well, so does the support of the masses to them.

Moreover, the people should remain vigilant and continue to demand the total cessation of HAPI's operations. By now, it is highly obvious that such corporations are in cahoots with rubber-stamp reactionary departments such as the Department of Environmental and Natural Resources (DENR) and the National Commission of Indigenous Peoples (NCIP), which both act as purveyors of permits in exchange for kickbacks. Legal prerequisites can be easily (and are historically) bought out and maneuvered towards their favor, especially with the involvement of the treacherous NTF-Elcac and AFP-PNP, who continue to harass and red-tag individuals and organizations.

NDF-Negros urges individuals and human rights groups, church people, environmental groups, non-government organizations and others to continue the demand to totally halt the oil palm plantation. Their resounding call must all the more be loudening. The masses must also continue to arouse, organize and mobilize their numbers to fight against environmental and economic plunder, human rights violations, and the neoliberal push not only in Candoni but the entire island.

The veneer of 'development' peddled by the US-Marcos II regime and its local sycophants in Negros can no longer fool the people who are the foremost victims of hunger, poverty and displacement amid the chronic socioeconomic crisis. Urban poor, peasant, and indigenous people communities who are being subjected to similar forms of exploitation should follow this experience to reject and resist the ongoing neoliberal attacks all over the island. Through this, our united front against imperialism, feudalism, and bureaucrat capitalism shall steadily advance. #

Opensiba sang NPA, nagtuga sang masobra 3 ka kaswalti sang 62nd IB

*Ka JB Regalado, Tagpamaba sang LPC-NPA
Hunyo 19, 2025*

Indi magnubo sa tatlo ka kaswalti ang naagum sang mga katapo sang 62nd IB sang ginharas kag ginpalukpan sang M203 grenade launcher sang yunit sang Leonardo Panaligan Command-New People's Army (LPC-NPA) ang nagatinumpok nga militar sa Sityo Lip-o, Barangay Imelda, Guihulngan City, Negros Oriental sadtong Hunyo 14, alas 3:40 sang hapon. Ang pasistang tropa ang bag-o lang naghalin sa ila operasyon sa mga kalasangan palibot sa baryo.

Suno sa mga residente, ila nahisayran nga ginkarga ang mga kaswalti sa canter truck nga gintabunan sang trapal pasado alas 10:00 sang gab-i, Hunyo 14 kag gindul-ong sa sentro sang syudad. Ginpunggan man sila sa militar nga magkadto sa natabuan sang insidente.

Ang taktikal nga opensiba sang LPC-NPA nga ginlunsar ang kongkreto nga sabat sini sa makatarunganon nga demanda sang pumuluyo batok sa wala untat nga operasyon militar, pagpamahug kag pagperwisyo sang berdugo ka desperadong 62nd IB.

Dako man ini nga tamparus sa makahuluya nga nawong sang Armed Forces of the Philippines (AFP), Philippine National Police (PNP) kag mga paramilitar sini, kag NTF-Elcac nga pasulit-sulit nga nagatikal nga dugmukon kag papason ang NPA kag bug-os nga rebolusyonaryong kahublagan sa Central Negros.

Samtang, pagkatapos sa opensiba sang mga Pulang hangaway daw mga idu-buang nga naghuramentado ang militar kag patarasak nga nagpinalupok kabangdanan sang pagkaigo sang mga puluy-an sang

mga mangunguma sa lugar kaangay sang puluy-an ni barangay kagawad Mico sang nasambit nga baryo.

Lubos gid nga ginakundenar sang LPC-NPA ang ini nga katarantaduhan nga ginhimo sang militar sa mga residente sang Sityo Lip-o nga nagtuga sang kahadlok kag kakugmat sa mga inosenteng sibilyan lakip na ang mga menor de edad nga kabataan.

Ginapanawagan man sang LPC-NPA nga kinahanglan ang hugot nga paghiliusa sang mga pumuluyo sa Barangay Imelda kag bug-os nga Guihulnganon paagi sa determinado kag maisog nga pagbuyagyag kag pagpamatok sa mga kalakasan sang pasistang 62nd IB batok sa mga pumuluyo sa kaumhan sang Guihulngan City kag sakop sang Central Negros sa kabilugan.

Subongman, inutil ang rehimen US-Marcos Jr sa pagsabat sa sandigan nga demanda sang pumuluyo nga ipatuman ang matuod nga reporma sa duta kag pungsodnon nga industrialisasyon.

Samtang nagapadayon ang pagpamintas sang pasista kag berdugong militar sa mga kaumahan sang isla, maga-usbong ang paghimakas sang pumuluyo kag magasuporta sa armadong paghimakas tubtob nga magpasakop sa NPA para angkunon ang pungsodnon nga kahilwayan kag demokrasya nga nakabase sa hustisya sosyal. #

Hitman kag intel sang 79th IB, ginsilotan

*Ka Cecil Estrella, Tagpamaba sang RJPC-NPA
Hunyo 19, 2025*

Ginpatuman sang isa ka yunit sang Roselyn Jean Pelle Command-New People's Army (RJPC-NPA) ang pagsilot kay Tolindoy Nepal, kagahapon, Hunyo 18, sa alas 6:35 sang gab-i, sa Sityo Spur 2, Barangay Minapasok, Calatrava, Negros Occidental.

Si Nepal isa ka masupog nga intel sang 79th IB kag ginagamit man siya nga hitman sa nasambit nga militar. Isa man siya ka gun-for-hire gani, nangin team leader siya sang mga gun-for-hire sa iya lugar.

Dugang pa, nagapamaligya man siya sang shabu sa nasambit nga banwa.

Nagapamahug kag nagapang-agaw siya sang duta sa mga mangunguma sa ila lugar.

Si Nepal isa sa mga goons ni Mayor Marilyn Ira sang Calatrava.

Ginpanawagan sang RJPC-NPA sa tanan nga mga intel aset sang Armed Forces of the Philippines (AFP), mga gun-for-hire kag sa mga nagapalapta sang shabu nga magsurender sa pinakalapit nga yunit sang NPA sa indi pa magalab-ot sa ila ang malaba nga kamot sang rebolusyonaryong hustisya. #

Lab-uton ang hustisya kag padayon nga isulong ang DRB!

*Ka Andrea Guerrero, Tagpamaba sang ASJC-NPA
Hunyo 21, 2025*

Hugot nga ginakundenar sang Armando Sumayang Jr Command-New People's Army (ASJC-NPA) ang mga kalakasan kag kalapasan sa tawhanon nga kinamatarung kag internasyunal nga makitawhanon nga laye sang berdugong militar, kapulisan, CAFGU kag masupog nga mga traydor sang rebolusyon sa sur nga bahin sang Negros.

Sining Mayo, nahunosan sang kabuhi ang pito ka mga Pulang hangaway sa isa ka "overkill" nga operasyon sang 15th, 47th kag 11th IB sa Barangay Tapi, Kabankalan City, Negros Occidental.

Responsable man ang 15th IB sa pagpatay sa isa ka hors de combat sa Barangay Camindangan, Sipalay City, Negros Occidental sadtong Enero. Subongman, ang ila brutal nga pagpatay sa lima ka mga Pulang hangaway samtang nagbyahe sa dalanon sa Barangay Tabugon, Kabankalan City, sadtong 2023.

Sa ini nga hinimoan sang Armed Forces of the Philippines (AFP), maathag kon ngaa daw mga ido buang ang mga tropa sini nga nagabayolar sa internasyunal nga laye sang gyera. Ginakomiter man sang pasistang tropa ang pagpanglapas sang tawhanon nga kinamatarung batok sa pumuluyo pareho sang pagpamatay, pagpamomba, pagpamahug, patarasak nga pagpaniro, pagpangastigo, pilit nga pagpasurender kag iban pa.

Ini nga mga kalakasan maathag nga nagapanindugan sila sa interes sang mga nagapanghimulos nga sahi ilabi na nga ang sur nga bahin sang Negros mangin pugad sa mga higante nga proyekto sang mga

dumuluong nga kapitalista kahimbon ang mga burukrata kapitalista kag dalagku komprador burgesya sa pagpatuman sang neoliberal nga mga polisiya sang mga imperyalista nga pungsod.

Nagapamatuod sini ang natabo nga engkwentro sa tunga sang ASJC-NPA kag sa kombinado nga mga tropa sang 15th kag 47th IB sa Barangay Gatuslao, Candoni, Negos Occidental sang nagligad Nobyembre 2024. Namartir ang walo ka mga Pulang hangaway bangud sa ila pagpangapin sa interes sang mga mangunguma kag tumandok nga apektado sa masobra 6,000 ka ektarya nga plantasyon sang oil palm.

Indi lipod sa mga pumuluyo sa ini nga bahin sang isla nga ang ini nga mga nagapangkawkaw nga proyekto nagadislokar sa pangabuhi kag puluy-an kag nagahatag peligro sa kabuhi sang mga pumuluyo.

Sa ka desperado sang AFP, gingamit nila ang kontra-gerilya nga taktika sa pagpatuhaw sang mga traydor kag surrenderees nga ila gina-ulipon kag ginahimo nga tawo-tawo sang humayan batok sa rebolusyonaryo nga pwersa.

Halin pa sang 2020 nga ginahimo sa AFP ang kampanya sa madamuan kag pilit nga pagpasurrender sa pumuluyo paagi sa pagpamahug nga patyon kon indi magsurrender, pagtanyag sang kwarta kag maayo nga kabuhi kon magkooperar sa ila.

Diri sa larangan sang sur, nagtuhaw ang mga masupog nga traydor kag surrenderees kaangay nanday "Ka Bubbles", "Ka Coco kag Aya", "Ka Joel", "Ka Kian", "Ka Jumong" kag iban pa. Sila ang mga wala nagremolde sa kaugalingon kag nangibabaw ang kaugalingon nga interes kag gintraydoran ang pareho nila nga pigado kag ginahimuslan man.

Apang bisan pa sini, indi gid nila mawasak ang rebolusyonaryong kahublagan sa isla sang Negros ilabi na sa sur nga bahin. Sa baylo, mas magadamo pa ang mga rebolusyonaryo nga pwera nga padayon nga nagapangita sa matuod-tuod nga kahalwayan, demokrasya kag sosyal nga hustisya.

Madamo man sang mag-uyat sang armas agud ipadayon ang makatarunganon nga kawsa sang aton demokratikong rebolusyon sang banwa.

Subongman, katungdanan sang NPA ang hugot nga pagpatuman sa hukom sa rebolusyonaryo nga hukmanan nga nagasabat sa singgitan sang pumuluyong pigos kag hinimuslan nga Negrosanon para sa hustisya.

Samtang, ginasaludohan sang ASJC-NPA ang mga martir nga naghalad sa ila kabuhi para sa kaayuhan sa masang pigos kag ginahimuslan. Ang ila ginbilin nga malahalon nga inagihan mangin matambok nga abuno sa duta sa sur nga bahin sang isla para sa dugang pa nga pagpasulong sa demokratikong rebolusyon sang banwa paagi sa pangmalawigon nga inaway banwa sa bug-os nga isla sang pungsod. #

Tent City ug uban pang proyekto, pakyas nga lakang taliwala sa subling pagbuto sa Bulkang Kanlaon

Tuig kapin na ang milabay apan wala nabag-o ang kahimtang sa mga lumulupyo sa Canlaon City, Negros Oriental, La Carlota City ug La Castellana sa Negros Occidental; nga labing apektado sa padayon nga pagbuga og asuple sa Bulkang Kanlaon ug subling pagbuto niini. Dili ikalimod ang pagkaguba sa ilang panginabuhi ug gani niabot sa punto nga kinahanglan silang mobakwit para malikayan ang risiko sa nasambit nga kalamidad.

Karon nga balik klase na usab ang mga kaestudyantehan, napugos ang pipila nga mupauli sa tagsa-tagsang panimalay nga walay klarong suporta gikan sa reaksyonaryong gobyerno. Apan ang kadaghanan namalhin sa mga covered courts sa barangay ug aduna usab nagpabilin sa kilid sa mga eskwelahan. Kini taliwala sa "tent city" nga nahamtang sa Himamaylan City nga nagbalor og P12 milyon. Gikan pa sa pagtukod nila niini niadtong Pebrero, wala nagamit sa mga apektado ang maong pasilidad.

Dugang niini, ang mga evacuation sites sa Negros Occidental, maka-akomodar lang og 9,679 ka pamilya o 48,350 ka indibidwal. Kulang kaayo kini sa panahon nga moabot na sa 12 km radius ang danger zone sa palibot sa bulkan ug mukabat sa 20,000 ka pamilya o 100,000 ka indibidwal ang mobakwit. Unya, ang 10, 330 ka pamilya ug 51,000 ka tawo walay puluy-an sa mga sunod nga inadlaw.

Sumala pa ni Ka JB Regalado, tigpamaba sa Leonardo Panaligan Command-New People's Army Central Negros Guerrilla Front, tataw kaayo nga ang tikang sa reaksyonaryong gobyerno wala hunahunaa og tarong. Dili tukma sa demanda sa mga lumulupyo, ug labaw sa tanan, dili pangmalahutayon. Nagpasabot kini nga pakyas ang tikang sa reaksyonaryong gobyerno ug nagwaldas lang kini og minilyon nga wala napuslan sa mga biktima nga gialokaran niini.

Dili na kini bag-o sa kasinatian sa mga Negrosanon, ug gani sa tibuok katawhang Pilipino.

"Kung ikaguol sa yanong katawhan ang panahon sa kalamidad, kini ikalipay sa mga pulitiko tungod aduna sila'y rason nga magpagawas og kwarta aron dili mabantayan ang ilang pagpangamkam og dakong bahin niini," dugang ni Regalado.

Busa, kinahanglang maghugpong ang katawhang Negrosanon sa pagdemanda sa haom nga solusyon sa problemang gisagubang nila karon, ug gani ikonsidera ang pagkamalahutayon sa maong solusyon. Ipakita sa kadalanan sa kasyudaran ug kabukiran ang ilang kayugot sa hinay, dili haom og puno sa korapsyon nga mga programa alang sa kalamidad susama sa pagbuto sa Kanlaon.

Kinahanglang panilngon ang US-rehimeng Marcos II sa ilang responsibilidad sa pumuluyo nga pila na kabulan nag-antus sa pagkadislokar sa ilang panginabuhian. #

Military spy meted revolutionary justice in Toboso

Ka Cecil Estella, RJPC-NPA Spokesperson
June 22, 2025

In the busy public market of Stop Aguinaldo, Barangay San Isidro, Toboso, Negros Occidental, a partisan unit of Roselyn Jean Pelle Command-New People's Army (RJPC-NPA) today implemented the order of the revolutionary people's court and the resounding demand of the masses for the punishment of a military spy responsible for the March 18 raid of #DiMasaligan79IB of an NPA temporary encampment in Sitio Bairan, Barangay General Luna of said municipality.

Past 8:10 am today, Elias Palay was busy tending his dried fish shop when RJPC partisans swooped in and fired precise and lethal shots without any collateral damage to properties or harm done to the market goers.

As they withdrew from the market, they encountered Putot Alsado, a known drug peddler, who was armed and tried to respond to the shooting of Palay. The said RJPC partisans attempted to peacefully neutralize and disarm him but he resisted leaving them no recourse but to fight.

Palay was an active spy of #DiMasaligan79IB and has been surveilling the movement of RJPC-NPA units in Barangay General Luna and nearby areas.

Aside from this, he was involved in the plunder of financial resources of a people's cooperative he took control of and several cases of land grabbing.

While Alsado has been selling shabu in Stop Aguinaldo like candies in the open. But reactionary authorities and law enforcement turned a blind eye.

Recovered from Alsado were one .45 caliber pistol, one KG-9 submachine gun, magazines and ammunitions. Drug paraphernalia were also seized from his possession.

This action demonstrates not only the determination of RJPC-NPA to bring to justice those who commit grave acts of crimes against the masses and their revolutionary movement. But also the heightened capability to launch offensive operations within the national highway and near the town center.

This is made possible by the widening and deepening mass support it enjoyed as the Third Rectification Movement initiated by the Communist Party of the Philippines advances further in Northern Negros.

RJPC-NPA calls on all intelligence assets and peddlers of illegal drugs to surrender to the nearest NPA unit before the long arm of revolutionary justice caught on them wherever they maybe. #

Intel asset sang 62nd IB sa Guihulngan City, ginsilotan

*Ka JB Regalado, Tagpamaba sang LPC-NPA
Hunyo 23, 2025*

Sa tunga sang nagabagusbos kag wala-untat nga operasyon militar sa mga binukid kag kalasangan sang Guihulngan City, Negros Oriental, nalutsan kag madinalag-on nga napatuman sang Leonardo Panaligan Command-New People's Army (LPC-NPA) ang pagpahamtang sang silot-kamatayon sang korte sang pumuluyo kay Ronald Jacolbe, 39 anyos, sang Sityo Sumilang, Barangay Tacpao, sa nasambit nga syudad, sa alas 7:10 sang gab-i, Hunyo 22.

Si Jacolbe aktibo nga barangay tanod sang nasambit nga baryo. Tuig 2021, ginpahamtangan man siya sang rebolusyonaryong korte sang pag-edukar kag pagpa-andam.

Bilang masupog nga asset sang Armed Forces of the Philippines (AFP), wala gid nagbag-o si Jacolbe sa pagpaniktik sa hulag sang NPA kag bug-os nga rebolusyonaryong masa.

Siya man ang nagreport kag naggiya sa tropa sang 62nd IB nga nagreyd sa yunit sang NPA sa Sityo Lupo, Barangay Humay-humay, Guihulngan sadtong Mayo 1.

Upod man si Jacolbe sa nasambit nga militar nga nagpatay sa senior citizen kag hors de combat nga Pulang Hangaway nga si Tony Pahayahay, 62 anyos, sini man nga panahon kag paggapos kag pagkastigo kay Tony Garde sang Sityo Lupo, sakop sang Barangay Humay-humay antes natabo ang engkwentro sa lugar sadtong Mayo 1.

Madinalag-on nga nakumpiska kay Jacolbe ang isa ka smartfone nga may mga valuable information nga nagapamatuod sang iya masupog nga tagpaniktik sang militar.

Ginapanawagan sang LPC-NPA sa tanan nga intel asset sang AFP kag PNP, mga kontra rebolusyon kag malain nga elemento ilabe na ang padayon nga nagapangatubang sang mabug - at nga kaso sa rebolusyonaryong korte sang pumuluyo nga gilayon nga magpalapit sa pinakalapit nga talatapan kag yunit sang CPP-NPA sa inyo mga lugar agud seryuso nga atubangon ang inyo mga kaso.

Ang NPA, indi gid magdula-duha sa pagpatuman sang silot sandig sa kabug-aton sa kaso nga inyo nakomiter matapos ang malig-on nga desisyon sang rebolusyonaryong korte sang pumuluyo. #

Punishment of rapist yield assorted firearms

*Ka Cecil Estrella, RJPC-NPA Spokesperson
June 26, 2025*

At about 5:30 am today, a unit of Roselyn Jean Pelle Command-New People's Army (RJPC-NPA) carried out a punitive action against a notorious rapist in Barangay Bandila, Toboso, Negros Occidental.

Isagani Imalay aka "Uko" perpetrated several counts of rape and attempted rape terrorizing women in the community and preying on the young and vulnerable.

He was previously charged for rape in the reactionary court and issued warrant, but because of law enforcement's lukewarm treatment of his case, he remained scot-free until now to persist in his reprehensible acts of violating women.

In stark contrast, the appropriate branch of revolutionary people's court forthwith took cognizance of his case in lieu of the mounting clamor for justice from the masses and the victims themselves and their families. He was fairly tried in an impartial judicial process. Even with his conviction, he was given a chance to mend his crooked ways and reform but to no avail because he remained unrepentant until the end.

Imalay was armed to the teeth when Red fighters cornered him and he fiercely resisted. Seized from his possession were .45 and .357 pistols and one Ingram submachine gun along with their magazines and ammunitions.

The punishment of Imalay highlights the superiority of people's revolutionary justice system over the essentially inept, corrupt and elitist judicial system of the reactionary state. Revolutionary justice is epitomized in the slogans fair, swift and just.

Surely, the online mouthpiece of the Armed Forces of the Philippines will again resurrect their imagined ghost of "killing spree" and will spin doctor the punishment of Imalay as "senseless killing" of a civilian.

From such narrative, they are only exposing themselves as enablers of criminals like the rapist "Uko" and other scoundrels whose punishments welcomed by the masses as big relief from the burden they caused. #

Masupog nga intel aset sang 94th IB, ginsilotan

*Ka Dionesio Magbuelas, Tagpamaba sang RNC-NPA
Hunyo 27, 2025*

Ginpakanaugan sang silot kamatayon si Jesmer Pacunla, ligal ang idad, isa ka aktibo nga aset militar sang 94th IB, sadtong Hunyo 24 sa iya lugar sa Sityo Kasipongan, Barangay Carabalan, Himamaylan City, Negros Occidental. Isa ka yunit sang Romeo Nanta Command-New People's Army (RNC-NPA) ang nagpatigayon sa silot, base sa desisyon sang rebolusyonaryong korte sang pumuluyo nga nakapamatuod sa iya mga krimen kontra sa kahublagan kag masa.

Si Pacunla nakaagum na sa komprontasyon sang nasambit nga yunit sang NPA sa nagligad nga tinuig bangud sa iya pagka-espiya, kag nagsaad nga indi na siya magpadayon sa iya nga obra. Pero sa gihapon sikreto ini nga nagahatag sang datos ngadto sa Armed Forces of the Philippines (AFP) angot sa NPA.

Sadtong 2024, aktibo si Pacunla nga nag-giya sa 94th IB para pahugon ang mga sibilyan kag ipa-reyd ang ila nga mga balay sa kabangdanan nga nagapatenir kuno sang mga Pulang Hangaway.

Nagapaniid man si Pacunla sa hulag sang mga pumuluyo sa lugar, kag kung may mga indi kilala nga mag-agi gilayon niya ini nga ginareport sa AFP.

Ang ini nga aksyon sang RNC-NPA magsirbe man nga pagpaandam sa mga nagapabilin nga aktibong aset sa militar sa lugar, nga sa baylo sa pipila ka libo kag temporaryo nga kahilwayan, magkomiter na sang mga paglapas sanh tawhanong kinamatarung kaangay sang pilit nga pagpasurender, pagpamahog, kag pagpamatay.

Ang mga traydor sa rebolusyon nga amo man ang obra,
ginapanawagan nga magpalapit sa NPA para mapaatubang ang ila
mga kaso sa rebolusyonaryong korte sang pumuluyo, kay sa padayon
nga magpagamit sa militar.

Indi sulbad sa kagutom kag kapigaduhon ang mga peke nga bulig kag
pagpanginto sang 94th IB kag sa reaksiyunaryong estado. Gani sa
reyalidad, tubtob subong, ang mga peke nga surenderi kag traydor nga
ginpangakuan sang 'dalagku nga kantidad kag pangabuhian' ginahimo
nga suluguon sa mga detatsment kag operasyon militar para lang may
pangabuhian.

Imbes nga maghulat pa kamo nga makautang na sang dugo sa
rebolusyon, mas maayo pa nga mangabuhi na lang kamo nga matinud-
anon nga wala sang gapos nga hawid sang mga mersenaryo sang AFP.

Ang demokratikong rebolusyon sang banwa ang matuod nga
makasulbar sang problema nga ginaatubang sang pumuluyo.

Padayon nga lagson kag silotan sang mga Pulang Hangaway paagi sa
giya sa Partido Komunista sang Pilipinas ang mga napamatud-an nga
may sala sa kahublagan kag krimen. Upod ini sa pagpasingki sa mga
taktikal nga opensiba kontra sa mga pasista nga tropa militar nga
padayon nga nagapanghalit kag nagakomiter sang makasiligni nga
krimen kontra sa pumuluyo. #

Irreversible trend towards full recovery and advance

*Ka Maoche Legislador, AGC-NPA Spokesperson
June 28, 2025*

In a recent statement, 3rd ID commander MGen. Michael Samson drooled about the so-called "irreversible trend of decline and defeat" of the revolutionary armed struggle in Negros in the light of the series of punitive actions launched by Apolinario Gatmaitan Command-New People's Army (AGC-NPA)'s North and Central guerilla fronts.

This empty braggadocio runs counter to the actual situation in the field.

This month alone, the NPA in Negros were able to launch five punitive actions in Calatrava, Toboso, Himamaylan City, all in Negros Occidental; and in Guihulngan City, Negros Oriental; wiping out six military spies and nefarious criminals serving as crucial adjunct to 3rd ID's fascist war machinery.

Several firearms and ammunitions were seized from these pernicious elements, as well as, devices containing information of high intelligence value.

On top of these, the harassment action in Guihulngan City that killed three fascist soldiers.

Samson's statement is intended to stroke the egos of his thinly stretched, tired and demoralized troops as one focused military operations (FMO) after another ended up in utter failure to decisively crush the NPA and destroy the revolutionary movement. Even in defensive engagements, NPA units in Negros managed to recapture,

initiate and launch counter-offensives frustrating the scheme of attacking enemies.

Setbacks and losses are only temporary like the sacrifices of the gallant revolutionary martyrs of Candoni and Kabankalan City in Negros Occidental. The lessons etched in their blood will inspire revolutionaries to intensify the struggle and more Negrosanons will thrudge the road of armed resistance.

The people's war in Negros continue to move forward and treading the irreversible trend towards full recovery and advance as the Third Rectification Movement initiated by the Communist Party of the Philippines further deepen its roots in Negros Island and reinvigorate the revolutionary forces. #

Revolutionary youth hails NPA's action vs.military spies, criminal misfits

*Ka Cheene Dacalos, KM-Negros Spokesperson
June 30, 2025*

The Kabataang Makabayan (KM) - Negros extend its firmest red salute to the Red commanders and fighters of the Apolinario Gatmaitan Command-New People's Army (AGC-NPA) for its recent successful punitive actions against military spies and notorious criminal whose punishment is long over-due and demanded by the masses.

As per respective NPA-Negros commands' statements, at least five of such actions were carried in northern and central parts of Negros in the last two weeks eliminating six enemy spies and criminals and, in the process, capturing assorted firearms and ammunitions.

Spies or intelligence assets are legitimate targets of the NPA being an integral part of the Armed Forces of the Philippines (AFP) fascist war machinery. Although not officially recognized and most often denied by military establishment, intelligence assets recruited and implanted by the AFP in the villages work closely with regular military intelligence officers and being handled by them.

To paint these individuals as civilians that should not be targeted by NPA is a misnomer. First off, these individuals are actual participants in the civil armed conflict between the Government of the Republic of the Philippines and the revolutionary forces led by the Communist Party of the Philippines. Their role is to provide intelligence information to the AFP by spying on the masses and the revolutionary

movement. Although not officially part of uniformed military services, intelligence assets constitute an important components of their war machinery especially in the context of AFP's concept of intelligence-driven operations.

Calls for the investigation of supposed "civilian killings" amounts to nothing but farce intended to malign the NPA and justify the practice of the AFP in employing disposable and deniable assets from the localities in their dirty war against the people and their revolutionary movement.

Inspired by these actions of the NPA , the various chapters of KM-Negros will intensify its efforts and campaign for the enlistment in the NPA among the youth grasping firmly the slogan "Sagot sa kahirapan, Digmang bayan!" #
